

# When can we withdraw PF Amount

Thursday, May 1, 2025 3:06 PM

You can withdraw your **EPF (Employees' Provident Fund)** amount under specific conditions set by the EPFO. Here are the main scenarios and eligibility criteria:

## **1. Retirement**

- **Eligibility:** On reaching 58 years of age.
- **Amount:** Full PF balance + Pension (if eligible).

## **2. Unemployment**

- **Eligibility:**
  - After **1 month of unemployment**: Can withdraw **75%** of EPF.
  - After **2 months of unemployment**: Can withdraw **100%** of EPF.
- **Note:** Must not be working in any PF-covered company during this period.

## **3. Resignation (Before Retirement Age)**

- **Eligibility:** Same as unemployment criteria.
- Partial withdrawal also allowed under certain conditions.

## **4. Marriage**

- **Eligibility:** After **7 years of service**.
- **Purpose:** Self, sibling, or child's marriage.
- **Limit:** Up to **50% of employee's share**.

## **5. Higher Education**

- **Eligibility:** For self or child's education.
- **Service Required:** Minimum **7 years**.
- **Limit:** Up to **50% of employee's share**.

## **6. Home Loan Repayment / Construction / Purchase**

- **Eligibility:**
  - At least **5 years of service**.
  - Property must be in the name of the employee/spouse or jointly owned.
- **Limit:** Up to **90% of PF balance**.

## **7. Medical Treatment**

- **Eligibility:** No minimum service required.
- **Purpose:** For self or family members (major illness or hospitalization > 1 month).
- **Limit:** Up to **6 months' basic salary or employee's share**, whichever is lower.

## **8. Death of Employee**

- Nominee or legal heir can withdraw the full PF amount including pension benefits.

## **9. Partial Withdrawal for Physical Disability**

- Allowed in case of permanent disability affecting employment.

### **Additional Notes:**

- **UAN should be activated**, KYC must be complete.
- Online withdrawal possible through **EPFO portal** with Aadhaar-linked UAN and bank account.
- TDS is applicable if withdrawal is made **before 5 years of continuous service** and amount > ₹50,000.

The screenshot shows a Microsoft Word document titled "CASE STUDY 1". The document contains a table with 9 rows and 2 columns. The first column (A) contains numbers 1 through 9, and the second column (B) contains detailed steps for a use case. The table is set against a background of a Microsoft Edge browser window displaying a ChatGPT conversation about batch job scheduling.

A	B
1	<b>CASE STUDY 1</b>
2	S.No Use Case
3	Place orders of type managed vs unmanaged from at least 2 different sources also you need to create 2 different Sales channel for the 2 orders.
4	Create an order summary & Fulfillment order for that order record change the status of Fulfillment order to "ready to export".
5	Create a batch job which will run daily at 3pm this batch job will pick all the Fulfillment order records that are in "Ready to export" state, and send the respective details of the order to the warehouse
6	After getting the request for order items to be fulfilled in warehouse apex restful class, need to process request in the class and save it in another class named as Shipping Object.
7	After storing the information in the shipping, create another batch job that will run on 11PM daily which will fetch the data of the order from the Shipping Object and will compare with the fulfillment order product Object and send the request back to the salesforce org.
8	After getting the response from the restful class, if the data that we get in the 11pm batch class matches the data with fulfillment order product than we need to update the Fulfillment Order status as shipped and order summary as fulfilled.

# Instructions

Thursday, July 3, 2025 7:03 PM

Hello Everyone,

Please take note of the following important points regarding **Sapience**:

## 1. Monthly Average Compliance

- To remain compliant, your monthly average work time in Sapience should be **more than 7 hours**.
- How to check? Go to the **Work Yoga** tab in the Sapience main dashboard and follow the **Online + Offline Work** graph (*Frequency → Monthly*).

## 2. Meeting Invites

- Accepting meeting invites is **mandatory**. Sapience will track **all meeting time as work time, irrespective of activity or inactivity on your machine**.

## 3. Offline Work Time

- Please ensure you **manually add offline work time** daily.
- For example, if you attend an unscheduled call or meeting, or if there is no system activity for more than 5 minutes, that time is considered **unaccounted** and must be adjusted manually.
- **How to adjust?** Refer to the demo session recording.

## 4. Last Sync Status

- Always check that your **last sync is up to date**.
- If it is not updated, follow these steps:
  1. Clear your browser history.
  2. Restart your system and connect to the CG VPN or verify CG network access by opening the Talent Portal.
  3. If the issue persists, perform a **manual sync**.

**How to do manual sync?** Refer to the demo session recording.

**Note:** If you are working on a **client laptop**, please **Email to [sceibuddyteam.in@capgemini.com](mailto:sceibuddyteam.in@capgemini.com)** and **loop in your manager**.

If you have any questions or need further clarification, please refer to the above recording or feel free to reach out to us at **[sceibuddyteam.in@capgemini.com](mailto:sceibuddyteam.in@capgemini.com)**.

Thursday, July 3, 2025 7:05 PM

# My trialblazer

Tuesday, July 15, 2025 10:51 AM

The screenshot shows the Trailblazer profile page for Ankit Choudhary. At the top, there's a navigation bar with tabs like Data Export, UAT User Details.xlsx, Data Export, EMS FCRO | Conta..., Users | Salesforce, and Ankit Choudhary. Below the navigation is a header with the Salesforce logo and links for Products, Industries, Customers, Learning, Support, Company, and Salesforce+. On the right side of the header is a contact link: Contact Us 1-800-664-9073.

The main profile area features a large circular profile picture of Ankit Choudhary, his name, title (Associate Consultant at Capgemini), location (Uttar Pradesh, India), and a LinkedIn link. Below this is a brief bio: "A results-driven and experienced Salesforce Developer with experience in designing, developing, and implementing custom solutions for clients and organizations. Eager to leverage expertise in platform development and innovative problem-solving within a dynamic organization." A link to his salesforce.com profile is provided.

A "Career Mode" section is present, with a toggle switch set to "Off". It includes a note about adding a video introduction, work history, projects, and more to make the profile visible to employers in the Trailblazer Career Marketplace, with a "Set up" button.

To the right, a "Trailhead" sidebar displays a badge for "RANGER", 137 Badges, 185,350 Points, and 8 Trails. It also shows a progress bar towards reaching Double Star Ranger rank. A "Go to Trailhead" button is available.

Below the profile area, there's a "Certifications" section with a "Add Certifications" button and a note about learning how to add additional certifications. A "Community Tags" section allows users to add community tags, with a placeholder "Add your community tags here".

The bottom of the page includes a weather widget (86°F, Mostly cloudy), a search bar, and a toolbar with various icons. The date and time (10:51 AM 7/15/2025) are also shown at the bottom right.
